Denmark's support to Early Warnings for All

APRIL 2024 -
DECEMBER 2027

4.9M  CHF

INVESTMENT

5

COUNTRIES COVERED

Niger, Somalia, South Sudan,
Tanzania, Uganda

Support the immediate actions required to roll-out the integrated approach across the four EW4All pillars. Focus on strengthening anticipatory actions for hydrometeorological hazards, especially in fragile, conflict, and violence-affected areas, to support the global implementation of EW4All.

FOCUS
AREAS

Service
Delivery

Early
Warning

OUTPUTS

- National Early Warning Systems in place in all five countries
- Early Warnings and Early/Anticipatory Action in FCVs supported
- Capacities to disseminate climate science information strengthened
